FINANCIAL DEPARTMENT.

OFFICE OF THE SECRETARY, MYSORE STATE LIFE INSURANCE COMMITTEE, BANGALORE.

Circular No. 48, *dated* 4—5*th December* 1924.

The undersigned regrets to observe that in a large number of cases the required evidences in support of age of proposers to Insurance were not attached to the proposals before despatch notwithstanding the definite instructions issued in the matter in this Office Circular No. 47, dated 11th February 1924.

Heads of Offices are therefore requested to see that these documents invariably accompany the proposals for Insurance as without them they cannot be considered complete and this Office is forced to the necessity of having to stop the pay of the proposers in consequence not to mention the inconvenience caused by the accumulation of incomplete proposals and unnecessary increase of work and correspondence entailed thereby.

Heads of Offices are also requested to issue necessary instructions in the matter to all the subordinate Offices under them.

T. SATYARAJ CHETTY,
Secretary.

All Treasury Officers.

Instances having come to notice in which divergent views are held by Drawers of bills and Treasury Officers as to the application of the rules for elimination of pies in Government Accounts in respect of bills for remuneration to Copyists and Examiners, the undersigned has the honour to observe that as these comprise numerous individual claims including fractions of an anna and the rates fixed for Copyists and Examiners for each paper used is Re. 0 1 4 and Re. 0 0 4 respectively, the rule for elimination of pies need not be applied in the case of these bills.

To

The Secretary, State Life Insurance Committee having brought to notice instances, during payment, of omission of pies in the amounts authorised to be paid on the payment orders issued by him, the undersigned has the honour to state that the ruling laid down in Government Order No. Fl. 5301-64—G. The amounts authorized to be paid or recovered by that officer will therefore be paid or recovered without rounding the pies, if any, to the nearest anna.

FINANCIAL DEPARTMENT.

OFFICE OF THE SECRETARY, MYSORE STATE LIFE INSURANCE COMMITTEE, BANGALORE.

Circular No. 48, *dated* 4—5*th December* 1924.

The undersigned regrets to observe that in a large number of cases the required evidences in support of age of proposers to Insurance were not attached to the proposals before despatch notwithstanding the definite instructions issued in the matter in this Office Circular No. 47, dated 11th February 1924.

Heads of Offices are therefore requested to see that these documents invariably accompany the proposals for Insurance as without them they cannot be considered complete and this Office is forced to the necessity of having to stop the pay of the proposers in consequence not to mention the inconvenience caused by the accumulation of incomplete proposals and unnecessary increase of work and correspondence entailed thereby.

Heads of Offices are also requested to issue necessary instructions in the matter to all the subordinate Offices under them.—

NOTIFICATION.

It is hereby notified for information of the officers who have insured their lives in the Official Branch that the Government of His Highness the Maharaja of Mysore have been pleased to declare in their Order No. F. L. 3451-510—G. F. 54-24-5, dated 23rd December 1924.—

(1) A Reversionary Bonus Addition of ONE per cent on the sum assured under all the policies existing on 30th June 1923 for each year during which the respective policies have been in force throughout the quinquennium.

(2) O NE per cent interim Bonus in respect of each policy that becomes a claim subsequent to 30th June 1923.

Reversionary Bonus Addition Certificates similar to those issued in respect of the Reversionary Bonus Addition to end of 30th June 1918 are under preparation in the Insurance Office and they will be issued to all the insured who are eligible to receive them. As several thousands of certificates have to be prepared, the work will take some time and the insured gentlemen are requested to await the receipt of the certificate. They need not apply for them.

FINANCIAL DEPARTMENT.

OFFICE OF THE SECRETARY, MYSORE STATE LIFE INSURANCE COMMITTEE, BANGALORE.

Circular No. 48, *dated* 4—5*th December* 1924.

The undersigned regrets to observe that in a large number of cases the required evidences in support of age of proposers to Insurance were not attached to the proposals before despatch notwithstanding the definite instructions issued in the matter in this Office Circular No. 47, dated 11th February 1924.

Heads of Offices are therefore requested to see that these documents invariably accompany the proposals for Insurance as without them they cannot be considered complete and this Office is forced to the necessity of having to stop the pay of the proposers in consequence not to mention the inconvenience caused by the accumulation of incomplete proposals and unnecessary increase of work and correspondence entailed thereby.

Heads of Offices are also requested to issue necessary instructions in the matter to all the subordinate Offices under them.—

T. SATYARAJ CHETTY,
Secretary

Instances having come to notice in which divergent views are held by Drawers of bills and Treasury Officers as to the application of the rules for elimination of pies in Government Accounts in respect of bills for remuneration to Copyists and Examiners, the undersigned has the honour to observe that as these comprise numerous individual claims including fractions of an anna and the rates fixed for Copyists and Examiners for each paper used is Re. 0 1 4 and Re. 0 0 4 respectively, the rule for elimination of pies need not be applied in the case of these bills.

FINANCIAL DEPARTMENT.

OFFICE OF THE SECRETARY, MYSORE STATE LIFE INSURANCE COMMITTEE, BANGALORE.

Circular No. 48, *dated* 4—5*th December* 1924.

The undersigned regrets to observe that in a large number of cases the required evidences in support of age of proposers to Insurance were not attached to the proposals before despatch notwithstanding the definite instructions issued in the matter in this Office Circular No. 47, dated 11th February 1924.

Heads of Offices are therefore requested to see that these documents invariably accompany the proposals for Insurance as without them they cannot be considered complete and this Office is forced to the necessity of having to stop the pay of the proposers in consequence not to mention the inconvenience caused by the accumulation of incomplete proposals and unnecessary increase of work and correspondence entailed thereby.

Heads of Offices are also requested to issue necessary instructions in the matter to all the subordinate Offices under them.—

T. SATYARAJ CHETTY,
Secretary

P. No. 37-1—24-25, *dated* 17*th January* 1925.

Brief review on the working of the Process Establishments of the several Munsiffs' Courts in the State, during the quarter ending the 30th September 1924.

PART I—(GENERAL.)

There was no change in the number of Nazaraths (21) and of the men employed therein (159 Amins and 456 peons). In the establishment of the Shimoga Munsiff's Court, the places of three peons were left vacant during the quarter with a view to minimise the loss at which that establishment was working for some quarters. The average number of processes served by an Amin and a peon rose from 49·1 and 100·7 in the previous quarter to 75·3 and 157·2 respectively in the present (the prescribed minima being 37·5 and 100 respectively). There was also a rise in the number of processes served (67,949 against 44,466) and in that served personally (47,521 against 29,903, the percentage being 69·9 against 67·2).

2. The receipts rose from Rs. 24,416-1-0 to Rs. 37,329-1-0 and the charges fell from Rs. 27,622-0-7 to Rs. 27,312-7-2, resulting in an increase in the net saving from Rs. 3205-15-7 to Rs. 10,016-9-10 being Rs. 6,810-10-3 more than in the previous quarter, which is a very satisfactory feature.

3. The percentage of personal service ranged roughly from 84·2 in the Munsiff's Court, Kolar Gold Fields, to 59·1 in the Munsiff's Court, Hassan, where and at Seringapatam (59·4) and Hole-Narsipur (60·6), the process staff, it is reported, could not show better work on account of very heavy rain, floods and the prevalence of plague in those parts. The Courts of the Munsiffs, Kolar Gold Fields, (84·2), and Najangud (82·8) and the Second Munsiff, Mysore (81·3), it may be noted, have shown a good percentage.

FINANCIAL DEPARTMENT.

OFFICE OF THE SECRETARY, MYSORE STATE LIFE INSURANCE COMMITTEE, BANGALORE.

Circular No. 48, *dated* 4—5*th December* 1924.

The undersigned regrets to observe that in a large number of cases the required evidences in support of age of proposers to Insurance were not attached to the proposals before despatch notwithstanding the definite instructions issued in the matter in this Office Circular No. 47, dated 11th February 1924.

Heads of Offices are therefore requested to see that these documents invariably accompany the proposals for Insurance as without them they cannot be considered complete and this Office is forced to the necessity of having to stop the pay of the proposers in consequence not to mention the inconvenience caused by the accumulation of incomplete proposals and unnecessary increase of work and correspondence entailed thereby.

Heads of Offices are also requested to issue necessary instructions in the matter to all the subordinate Offices under them.—

OFFICE OF THE SECRETARY, MYSORE STATE LIFE INSURANCE COMMITTEE, BANGALORE.

Circular No. 48, *dated* 4—5*th December* 1924.

The undersigned regrets to observe that in a large number of cases the required evidences in support of age of proposers to Insurance were not attached to the proposals before despatch notwithstanding the definite instructions issued in the matter in this Office Circular No. 47, dated 11th February 1924.

Heads of Offices are therefore requested to see that these documents invariably accompany the proposals for Insurance as without them they cannot be considered complete and this Office is forced to the necessity of having to stop the pay of the proposers in consequence not to mention the inconvenience caused by the accumulation of incomplete proposals and unnecessary increase of work and correspondence entailed thereby.

Heads of Offices are also requested to issue necessary instructions in the matter to all the subordinate Offices under them.

EXCISE DEPARTMENT.

NOTICE OF SALE OF EXCISE AND OPIUM PRIVILEGES.

Notification No. R. Dis. 50-24, *dated* 14*th March* 1925.

Notice is hereby given that the exclusive privilege of selling, during the twelve months beginning from 1st July 1925 and ending with 30th June 1926, country liquors, intoxicating drugs, and opium in the several shops licensed for the purpose and situated in the several taluks of the Mysore State will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or other officers specially empowered by the Deputy Commissioners of the Districts concerned for the purpose on the dates and at the taluk or sub-taluk headquarter places mentioned in the schedule annexed, subject to the conditions hereinafter set forth :—

Note.—If the sales are not completed on the dates fixed they will be continued on the next following days, close holidays excepted.

2. A complete list of all the shops for which licenses will be granted and a copy of the general and special conditions applicable to all vend-licenses under the Excise and Opium Laws as prescribed by Government in their Notification No. 9208—Ex. 14-18-9, dated 13th February 1920, as amended up to date and published in the *Mysore Gazette*, are available for the information of intending bidders in the Range and Taluk Offices.

CONDITION OF AUCTION SALE.

I. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit.

1. (*a*) A bidder about whose solvency the sale-conducting officer is not certain will be required to produce either a certificate of solvency from a responsible officer of Government or two respectable persons as sureties for the due fulfilment of his obligation as a purchaser at the sale.

II. The shops will be put up to auction in the order in which they are notified in the schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of the bidders.

Note 1.—The privilege of vending toddy in any coffee estate or kan may be sold to the planter or kan-holder for any fixed amount not less than Rs 36 per shop per annum.

Note. 2.—Toddy shops in alienated villages whose claims to the Excise Revenue from toddy have been recognised or have not yet been settled shall invariably be sold separately and the amounts connected therewith shall be shown in the accounts under a distinct head. Where Inam shops are sold along with Government shops, when the former cannot be conveniently disposed of individually, the rental of Inam shops will be fixed *pro rata* according as there is increase or decrease for Government shops.

III. Every shop will as a rule, be sold independently. Grouping will be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

IV. No person will be allowed to bid for another unless he holds a power-of-attorney, from him.

V. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or that such a course is necessary to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village Officers will not be allowed to bid for or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages. No defaulter who owes arrears of Excise Revenue to Government should be allowed to bid at the Excise sales unless he produces a certificate from the Deputy Commissioner or District Excise Officer stating that the non-payments of the arrears due by him is due to its not having been determined or to its being in dispute or under correspondence.

VII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government on the advice of the Excise Commissioner for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

VIII. In case of dispute at the time of auction, the selling officer's decision shall be final; and if for any reason the highest bid is rejected, the next highest shall be taken or the shop resold at his discretion.

IX. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

X. At the close of each day's sale, the deposit made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* which together with the initial deposit made under Condition I, will make up one month's *khist* for each shop. In the case of a foreigner, the initial deposit together with the further deposit will be equal to two months' *khist*, and in the case of a Bagani toddy shop, to four months' *khist*. Should he fail to do so, the deposit made by him under Condition I will be forfeited and the shops will be put up again immediately to auction by the selling officer on the above conditions or otherwise disposed of by the Deputy Commissioner at the risk of the defaulter who will be debarred from bidding again for the same or for any other shop. Successful bidders shall be granted proper receipts for the amount deposited by them.

XI. Persons to whom shops have been knocked down and who have made deposits as provided in Conditions I and X shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns.

XII. If on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in Condition XI *supra* or to get a surety, or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation, II of 1900) and also registered at the expense of the purchaser, if the amount secured exceeds Rs. 1,000.

XIII. As soon as the sales are over, the sale-conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

XIV. On the failure of any person to make deposit under Condition XI or to comply with the requisition under Condition XII *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly be resold. Due publication should always be given to the resale in the localities concerned and among persons likely to bid at the sale.

XV. Resales effected under Condition XIV will be at the risk of the defaulting bidder who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period, under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by resale the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

XVI. The deposit referred to in Condition XI or Condition XII as the case may be, will be taken as security for the due performance of the conditions of the license. It may be credited towards the shop-rent due by the licensees for the last months of the lease provided sufficient security is given by them for meeting any further demands (such as fines, etc)., that may be made during the lease.

XVII. The purchaser shall adhere to all the provisions of the Excise and Opium Laws which are in force or which may come into force and of the rules which have been or

may from time to time be framed either by Government or by the Excise Commissioner or by any competent authority.

XVIII. The rates of duty, etc., on the several kinds of excisable articles are as follows:—

EXCISE DEPARTMENT.

NOTICE OF SALE OF EXCISE AND OPIUM PRIVILEGES.

Notification No. R. Dis. 50-24, *dated* 14*th March* 1925.

Notice is hereby given that the exclusive privilege of selling, during the twelve months beginning from 1st July 1925 and ending with 30th June 1926, country liquors, intoxicating drugs, and opium in the several shops licensed for the purpose and situated in the several taluks of the Mysore State will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or other officers specially empowered by the Deputy Commissioners of the Districts concerned for the purpose on the dates and at the taluk or sub-taluk headquarter places mentioned in the schedule annexed, subject to the conditions hereinafter set forth :—

Note.—If the sales are not completed on the dates fixed they will be continued on the next following days, close holidays excepted.

2. A complete list of all the shops for which licenses will be granted and a copy of the general and special conditions applicable to all vend-licenses under the Excise and Opium Laws as prescribed by Government in their Notification No. 9208—Ex. 14-18-9, dated 13th February 1920, as amended up to date and published in the *Mysore Gazette*, are available for the information of intending bidders in the Range and Taluk Offices.

CONDITION OF AUCTION SALE.

I. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit.

1. (*a*) A bidder about whose solvency the sale-conducting officer is not certain will be required to produce either a certificate of solvency from a responsible officer of Government or two respectable persons as sureties for the due fulfilment of his obligation as a purchaser at the sale.

II. The shops will be put up to auction in the order in which they are notified in the schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of the bidders.

Note 1.—The privilege of vending toddy in any coffee estate or kan may be sold to the planter or kan-holder for any fixed amount not less than Rs 36 per shop per annum.

Note 2.—Toddy shops in alienated villages whose claims to the Excise Revenue from toddy have been recognised or have not yet been settled shall invariably be sold separately and the amounts connected therewith shall be shown in the accounts under a distinct head. Where Inam shops are sold along with Government shops, when the former cannot be conveniently disposed of individually, the rental of Inam shops will be fixed *pro rata* according as there is increase or decrease for Government shops.

III. Every shop will as a rule, be sold independently. Grouping will be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

IV. No person will be allowed to bid for another unless he holds a power-of-attorney, from him.

V. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

VI The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or that such a course is necessary to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village Officers will not be allowed to bid for or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages. No defaulter who owes arrears of Excise Revenue to Government should be allowed to bid at the Excise sales unless he produces a certificate from the Deputy Commissioner or District Excise Officer stating that the non-payments of the arrears due by him is due to its not having been determined or to its being in dispute or under correspondence.

VII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government on the advice of the Excise Commissioner for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

VIII. In case of dispute at the time of auction, the selling officer's decision shall be final; and if for any reason the highest bid is rejected, the next highest shall be taken or the shop resold at his discretion.

IX. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

X. At the close of each day's sale, the deposit made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* which together with the initial deposit made under Condition I, will make up one month's *khist* for each shop. In the case of a foreigner, the initial deposit together with the further deposit will be equal to two months' *khist*, and in the case of a Bagani toddy shop, to four months' *khist*. Should he fail to do so, the deposit made by him under Condition I will be forfeited and the shops will be put up again immediately to auction by the selling officer on the above conditions or otherwise disposed of by the Deputy Commissioner at the risk of the defaulter who will be debarred from bidding again for the same or for any other shop. Successful bidders shall be granted proper receipts for the amount deposited by them.

XI. Persons to whom shops have been knocked down and who have made deposits as provided in Conditions I and X shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns.

XII. If on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in Condition XI *supra* or to get a surety, or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation, II of 1900) and also registered at the expense of the purchaser, if the amount secured exceeds Rs. 1,000.

XIII. As soon as the sales are over, the sale-conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

XIV. On the failure of any person to make deposit under Condition XI or to comply with the requisition under Condition XII *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly be resold. Due publication should always be given to the resale in the localities concerned and among persons likely to bid at the sale.

XV. Resales effected under Condition XIV will be at the risk of the defaulting bidder who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period, under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by resale the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

XVI. The deposit referred to in Condition XI or Condition XII as the case may be, will be taken as security for the due performance of the conditions of the license. It may be credited towards the shop-rent due by the licensees for the last months of the lease provided sufficient security is given by them for meeting any further demands (such as fines, etc)., that may be made during the lease.

XVII. The purchaser shall adhere to all the provisions of the Excise and Opium Laws which are in force or which may come into force and of the rules which have been or

may from time to time be framed either by Government or by the Excise Commissioner or by any competent authority.

XVIII. The rates of duty, etc., on the several kinds of excisable articles are as follows :—

OFFICE OF THE PUBLICITY OFFICER TO GOVERNMENT.

Dated Bangalore, 30th March 1925.

PRESS COMMUNIQUE.

Having in view the unprecedented floods that occurred in the Cauvery in July last, the Special Officer and Secretary to Government, Krishnarajasagara Works, submitted in December last proposals relating to—

(1) the revision of the maximum flood discharge of the river at Krishnarajasagara, and

(2) the stage at which the works may be stopped for the present after June of 1925, by which time diversion of the floods to the permanent waste weir is expected to be completed.

The revised estimates for the Dam are also before Government for orders.

Government appointed a Special Committee to consider and submit recommendations to them on the proposals made by the Special Officer as well as on the revised estimates pending before Government. The Committee have now submitted their report to Government, which is published herewith for general information.

R. RANGA RAO,
Publicity Officer to Government.

REPORT OF THE COMMITTEE OF ENGINEERS CONSTITUTED FOR THE CONSIDERATION OF CERTAIN MATTERS RELATING TO THE KRISHNARAJASAGARA DAM WORKS, DATED 14TH MARCH 1925.

As definite decisions had to be arrived at on several important points relating to the Krishnarajasagara Dam Works, Government proposed to appoint in January last a Committee of technical experts for considering these matters and for advising Government on the same. Sir Frederick St. John Gebbie, Consulting Engineer to the Government of India, was requested to be Member and Chairman of this Committee, Messrs. Karpur Shrinivasa Rao and B. Subba Rao being the other two members.

The Government of India who were addressed through the Residency having agreed to depute Sir Frederick St. John Gebbie for the purpose and other members having consented to serve on the Committee, the Committee met on the 13th and 14th March 1925.

The terms of reference to the Committee are :—

A. In view of the unprecedented floods of July last, for what maximum discharge should the surplusing arrangements of the Krishnarajasagara works be designed?

B. In what stage should the reservoir works be stopped till need arises for larger storage for irrigation so that unproductive capital exependiture might be postponed till the canal works are taken up and have made sufficient progress?

C. What maximum storage may ultimately be allowed in the reservoir consistent with the safety of the dam as designed?

D. Whether the revised estimates submitted for the reservoir works by the Technical Officers are in order and may be sanctioned?

PRELIMINARY.

Full and detailed notes explaining all the points relating to the above terms of reference together with the necessary plans, sections, calculations, estimates, etc., were forwarded for information and previous study to each of the members of the Committee. The points relating to the terms of reference detailed in the above notes were fully discussed and the conclusions arrived at are briefly noted below with the necessary explanatory remarks :—

A.

In view of the unprecedented floods of July last, for what maximum discharge should the surplusing arrangements of the Krishnarajasagara Works be designed?

We have examined the calculations furnished to us relating to the unprecedented flood discharge of July 1924 and we think that the provision for a discharge of 350,000 cusecs proposed by the Special Officer, is quite suitable and ample, this being about 20 per cent in excess of the discharge of last year which is the highest during the past 100 years.

We have gone carefully into the question of the capacity of the surplusing works as set forth in the enclosed tabular statement and find that the surplusing works provided, *viz.*, the open weir of 1,200 feet with its crest at 106 above bed and 16 sluices, each 10′ x 20′, 80′ above bed together are capable of discharging ultimately 344,527 cusecs with the maximum water level at 124 feet excluding 10,500 cusecs through the three scouring sluices at 50 level which may also be opened as an emergent measure when floods exceed the limit noted above.

We think therefore that the surplusing works have ample capacity and that this capacity should be utilised by raising the masonry of the dam sufficiently high. The Special Officer points out that an additional weir length of about 800 feet can be arranged on the North

Bank at a cost of about Rs. 4 to 5 lakhs. We agree with him in thinking that there is room for future enlargement of the weir works but do not think it necessary to provide for it in the estimates.

(B)

In what stage should the reservoir works be stopped till need arises for a larger storage for irrigation so that unproductive capital expenditure might be postponed till the canal works are taken up and have made sufficient progress?

Our recommendations in regard to the surplusing works go towards deciding this question. We think that it is necessary to raise the masonry to 128′ above bed level so as to have at least a margin of 4 feet above maximum flood level, thus leaving only 2 feet below the final top level of the dam, *viz.*, 130 feet, the cost for this top portion being about rupees 2 lakhs. It may appear that this expenditure could be postponed for the present but we think it undesirable to do so. The tram lines, mortar mills and other machinery are all now in position and we have no doubt that it will cost a great deal more than the interest charges on Rs. 2 lakhs to carry out later on this top masonry if postponed. We therefore recommend the completion of the work proposed in the estimate amounting to Rs. 217·18 lakhs bringing the top of the dam to 130 above bed once for all.

(C)

What maximum storage may ultimately be allowed in the reservoir consistent with the safety of the dam as designed?

We have examined the profile of the dam for storing water up to 124′ above bed. Our attention was drawn by the Special Officer to certain Press criticisms and the letters of Mr. O. T. Dalal stating that a higher storage than 118 should not be allowed. We have also considered the effect of the scours in portions of the rear face of the dam due to the overflow of water in the central gap. Sir Frederick St. John Gebbie, Chairman of this Committee, while inspecting these scours in September 1923 found by actual measurement that in only one case the depth of the scour was 3½′ and in other places the depth varied from 1½′ to 3′. But the dam as actually constructed has an extra thickness of 2 to 3 feet in the river bed over and above what the designed profile provides, and we have no hesitation in stating that the effect of these scours which all lie in the zone of extra thickness have in no way weakened the dam.

We find that the profile adopted satisfies fully the conditions of stability and stress required for a storage of 124′ and these compare very favourably with the corresponding provisions made for high dams in the Bombay Presidency, *viz.*, Bhatgar Dam and Bhandardara Dam, which are two of the highest in India. Also, the mortar used in the Krishnarajasagara Dam as indicated by the results of continuous tests, is of superior quality and the masonry is very sound.

We have considered Mr. Dalal's letters against a storage of 124′. He does not base his arguments on stress and stability calculations. If he had translated his objections into figures showing stability and stress and had compared them with the same figures for storage and similar figures for other Indian Dams, he would have found no room for any anxiety in the matter.

(D)

Whether the revised estimates submitted for the reservoir works by the Technical Officers are in order and may be sanctioned?

We have gone through the revised estimates placed before us. We recommend that the first set of revised estimates amounting to Rs. 217·18 lakhs net under direct charges providing for raising masonry to 130 while leaving the weir at 106 may be sanctioned.

We have also examined the second set of estimates for the ultimate stage of the reservoir works amounting to Rs. 251·32 lakhs under direct charges and the provision seems reasonable with the exception of Rs. 4 lakhs for a weir on the North Bank which may be omitted.

The following works estimated to cost about Rs. 30 lakhs and included in the second set of estimates may be postponed :—

(1) Provision of automatic gates to raise storage to 124′.
(2) Payment of compensation for land above 106.
(3) Constructing the parapet wall on the top with approach works.

As the extra works of this estimate not included in the estimate one noted above would naturally be postponed for several years till the High Level Canal and tunnel works have made fair progress, estimates for such extra works will have to be revised according to the conditions obtaining at such future date.

Summarising, our recommendations are :—

(1) That the provision for a maximum flood discharge of 350,000 cusecs is suitable and sufficient.

(2) That the dam masonry be raised to 130′ as proposed by the Special Officer and only works relating to automatic shutters, parapet wall and compensation for land above 106 may be postponed.

(3) That the profile of the dam, notwithstanding the rear scours which have been effectively repaired has ample strength to store water up to 124′ above bed.

(4) That the revised estimates amounting to Rs. 217·18 lakhs providing for all works necessary to complete masonry up to 130 level is in order and may be sanctioned.

COMPTROLLER'S OFFICE, BANGALORE.

Subject :—30 Grants for Public Improvements.

Circular No. 30, *dated* 28*th March* 1925.

To—*The Presidents of all Local Bodies.*

SIR,

An instance of the Government grant to a local body for Public Improvements having been drawn from the Treasury on the authority of the Government Order granting it without the previous permission of this office and without complying with the requirements of this Office Circular No. 37, dated 21st July 1923 having come to notice, I have the honor to state that the grants sanctioned by Government from time to time to local bodies cannot be drawn without special authority from this office. The portion of these grants payable periodically will be regulated in accordance with the circular referred to above which is printed below for information and guidance :—

Circular No. 37—*W. A. D.* (*Mis.*), *dated* 21*st July* 1923.

To—The Executive Engineers of Divisions.
The Presidents of District Boards.
The Presidents of Municipalities.
The Presidents of other Local Bodies.

Expenditure incurred against the provision in the Budget under "30 Grants for Public Improvements."

Sir,

I have the honor to intimate to you that grants sanctioned by Government for public works are at present placed to the credit of the local bodies concerned in the Treasury Accounts and thus constitute an expenditure to Government under the above head, whether the amount so placed to the credit of the local body is expended during the year or spread over a series of years. This method of transferring the full grant at the beginning has proved defective inasmuch as, the unutilised portion of the Government grant could not be made available for expenditure on other beneficial objects.

2. The following procedure is therefore prescribed for the guidance of local bodies in drawing these grants sanctioned by Government. Expenditure will, in the first instance, be incurred by local bodies out of their own funds and at the end of the month, a bill for the Government share of expenditure incurred in accordance with the order sanctioning the grant will be sent to the Audit Office for preaudit and authorising payment of the amount Expenditure incurred in excess of the Government grant for the year for particular works will not be passed without the special order of Government.

3. In cases in which the works are entrusted to the Public Works Department for execution, the local body will place its portion of the estimated amount with the Executive Engineer concerned by a crossed cheque on the Treasury, in favor of the Executive Engineer. On receipt of intimation that this amount has been received from the local body the Executive Engineer will be authorised to incur expenditure both against the amount paid by the local body and the Government grant. The amount paid by the local body will as usual be kept under 'Public Works Deposits—Contributions.' The expenditure incurred by the Executive Engineer every month will be debited to 'Public Works Deposits—Contributions' and '30 Grants for Public Improvements,' in the proportion prescribed by Government in the order sanctioning the project. For this purpose, the head '30 Grants for Miscellaneous Public Improvements, and the required minor head thereunder' may be opened in the charge side of the abstract of receipts and disbursements from July 1923. The Executive Engineers will under no circumstances incur expenditure in excess of the Government share of the estimate and the grant for the year.

I have the honor to be,
Sir,
Your most obedient servant,
T. SATYARAJ CHETTY,
Comptroller.

In pursuance of letter No. Fl. 5194—G. F. 1 a March 1925, from the Financial Secretary to Government communi of Government fo inserting the undermentioned rule as Article 10 (A) Account Code, Volume I, the same is hereby published for information and guidanc

Article 10A, Mysore Account Code, Volume I:—

"The rules laid down in the previous Article do not apply to payments on account of contingent charges (including supplies and services). The liabilities incurred on account of these charges should be discharged with the greatest promptitude. In the case of payments made out of permanent advance, the amount paid should be recouped at once as laid down in Article 137 and in other cases the liability discharged at the earliest possible date as prescribed in Article 323 (*b*). In either case the liability should not be allowed to remain undischarged for over a period of two months, nor should it be carried forward as a charge on the grant for the subsequent year. The delay should be explained to the Comptroller who, if he is not satisfied with the explanation offered will not pass the claim except with the special sanction of Government."

Subject :—30 Grants for Public Improvements.

Circular No. 30, *dated* 28*th March* 1925.

To—*The Presidents of all Local Bodies.*

SIR,

An instance of the Government grant to a local body for Public Improvements having been drawn from the Treasury on the authority of the Government Order granting it with out the previous permission of this office and without complying with the requirements of this Office Circular No. 37, dated 21st July 1923 having come to notice, I have the honor to state that the grants sanctioned by Government from time to time to local bodies cannot be drawn without special authority from this office. The portion of these grants payable periodically will be regulated in accordance with the circular referred to above which is printed below for information and guidance :—

Circular No. 37—*W. A. D.* (*Mis.*), *dated* 21*st July* 1923.

To—The Executive Engineers of Divisions.
The Presidents of District Boards.
The Presidents of Municipalities.
The Presidents of other Local Bodies.

Expenditure incurred against the provision in the Budget under "30 Grants for Public Improvements."

Sir,

I have the honor to intimate to you that grants sanctioned by Government for public works are at present placed to the credit of the local bodies concerned in the Treasury Accounts and thus constitute an expenditure to Government under the above head, whether the amount so placed to the credit of the local body is expended during the year or spread over a series of years. This method of transferring the full grant at the beginning has proved defective inasmuch as, the unutilised portion of the Government grant could not be made available for expenditure on other beneficial objects.

2. The following procedure is therefore prescribed for the guidance of local bodies in drawing these grants sanctioned by Government. Expenditure will, in the first instance, be incurred by local bodies out of their own funds and at the end of the month, a bill for the Government share of expenditure incurred in accordance with the order sanctioning the grant will be sent to the Audit Office for preaudit and authorising payment of the amount. Expenditure incurred in excess of the Government grant for the year for particular works will not be passed without the special order of Government.

3. In cases in which the works are entrusted to the Public Works Department for execution, the local body will place its portion of the estimated amount with the Executive Engineer concerned by a crossed cheque on the Treasury, in favor of the Executive Engineer. On receipt of intimation that this amount has been received from the local body the Executive Engineer will be authorised to incur expenditure both against the amount paid by the

local body and the Government grant. The amount paid by the local body will as usual be kept under 'Public Works Deposits—Contributions.' The expenditure incurred by the Executive Engineer every month will be debited to 'Public Works Deposits—Contributions' and '30 Grants for Public Improvements,' in the proportion prescribed by Government in the order sanctioning the project. For this purpose, the head '30 Grants for Miscellaneous Public Improvements, and the required minor head thereunder' may be opened in the charge side of the abstract of receipts and disbursements from July 1923. The Executive Engineers will under no circumstances incur expenditure in excess of the Government share of the estimate and the grant for the year.

I have the honor to be,
Sir,
Your most obedient servant,
T. SATYARAJ CHETTY,
Comptroller.

Subject :—30 Grants for Public Improvements.

Circular No. 30, *dated* 28*th March* 1925.

To—*The Presidents of all Local Bodies.*

SIR,

An instance of the Government grant to a local body for Public Improvements having been drawn from the Treasury on the authority of the Government Order granting it without the previous permission of this office and without complying with the requirements of this Office Circular No. 37, dated 21st July 1923 having come to notice, I have the honor to state that the grants sanctioned by Government from time to time to local bodies cannot be drawn without special authority from this office. The portion of these grants payable periodically will be regulated in accordance with the circular referred to above which is printed below for information and guidance :—

Circular No. 37—*W. A. D.* (*Mis.*), *dated* 21*st July* 1923.

To—The Executive Engineers of Divisions.
The Presidents of District Boards.
The Presidents of Municipalities.
The Presidents of other Local Bodies.

Expenditure incurred against the provision in the Budget under "30 Grants for Public Improvements."

Sir,

I have the honor to intimate to you that grants sanctioned by Government for public works are at present placed to the credit of the local bodies concerned in the Treasury Accounts and thus constitute an expenditure to Government under the above head, whether the amount so placed to the credit of the local body is expended during the year or spread over a series of years. This method of transferring the full grant at the beginning has proved defective inasmuch as, the unutilised portion of the Government grant could not be made available for expenditure on other beneficial objects.

2. The following procedure is therefore prescribed for the guidance of local bodies in drawing these grants sanctioned by Government. Expenditure will, in the first instance, be incurred by local bodies out of their own funds and at the end of the month, a bill for the Government share of expenditure incurred in accordance with the order sanctioning the grant will be sent to the Audit Office for preaudit and authorising payment of the amount. Expenditure incurred in excess of the Government grant for the year for particular works will not be passed without the special order of Government.

3. In cases in which the works are entrusted to the Public Works Department for execution, the local body will place its portion of the estimated amount with the Executive Engineer concerned by a crossed cheque on the Treasury, in favor of the Executive Engineer. On receipt of intimation that this amount has been received from the local body the Executive Engineer will be authorised to incur expenditure both against the amount paid by the local body and the Government grant. The amount paid by the local body will as usual be kept under 'Public Works Deposits—Contributions.' The expenditure incurred by the Executive Engineer every month will be debited to 'Public Works Deposits—Contributions' and

'30 Grants for Public Improvements,' in the proportion prescribed by Government in the order sanctioning the project. For this purpose, the head '30 Grants for Miscellaneous Public Improvements, and the required minor head thereunder' may be opened in the charge side of the abstract of receipts and disbursements from July 1923. The Executive Engineers will under no circumstances incur expenditure in excess of the Government share of the estimate and the grant for he year.

I have the honor to be,
Sir,
Your most obedient servant,
T. SATYARAJ CHETTY,
Comptroller.

UNIVERSITY OF NEW ZEALAND.

Notification No. 9590, *dated the* 27*th March* 1925.

The following are the new syllabuses in French for the Entrance and Degree Examinations:—

AIMS AND SCOPE.

I. The course is designed to teach a sound knowledge of Literary French, to enable students to write clear and idiomatic French, to translate with fluency and to appreciate the classics of French Literature. Though the course does not aim at giving the power to speak the language accurately, yet it will enable students to express themselves with some approximation to accuracy in speech and follow, even in the earliest lessons, simple questions and commands in French and simple assertions spoken clearly and deliberately. Students will be expected to learn their grammar and syntax more by ear than by eye, depending chiefly on their sense of, and feeling for, sounds and intonations when they learn the commoner idiomatic expressions, the position of pronouns, verbal forms, the order of words in negative-interrogative sentences, etc.

To attain this object, the early lessons will be devoted to the phonetic explanation of the sounds of the language and their production. Practice in speaking will be continuous throughout the course.

1. UNIVERSITY ENTRANCE CLASS.

For the Entrance syllabus three hours a week and not less than ninety hours a session will be required for class work. Home work for one or two hours a week is absolutely essential.

The University Entrance Examination will test the students' ability to translate from a prepared prose text—about 30 pages octavo—of easy narrative prose; also to translate at sight easy narrative prose of fairy story or fablian type; to translate sentences into French on lines indicated in the question paper. This examination will also test the students' knowledge of grammar and syntax, such as is demanded by the following syllabus.

FINANCIAL DEPARTMENT.

COMPTROLLER'S OFFICE, BANGALORE.

No. 1173—*T. A. D. B. Misc., dated* 1*st April* 1925.

To

All Drawers of Bills.

In pursuance of letter No. Fl. 5194—G. F. 130-24-2, dated the 19th March 1925, from the Financial Secretary to Government communicating the approval of Government for inserting the undermentioned rule as Article 10 (A) of the Mysore Account Code, Volume I, the same is hereby published for information and guidance :—

Article 10A, Mysore Account Code, Volume I:—

"The rules laid down in the previous Article do not apply to payments on account of contingent charges (including supplies and services). The liabilities incurred on account of these charges should be discharged with the greatest promptitude. In the case of payments made out of permanent advance, the amount paid should be recouped at once as laid down in Article 137 and in other cases the liability discharged at the earliest possible date as prescribed in Article 323 (*b*). In either case the liability should not be allowed to remain undischarged for over a period of two months, nor should it be carried forward as a charge on the grant for the subsequent year. No such claim not preferred within three months of its becoming due can be paid without the sanction of the Comptroller. The delay should be explained to the Comptroller who, if he is not satisfied with the explanation offered will not pass the claim except with the special sanction of Government."

Subject :—30 Grants for Public Improvements.

Circular No. 30, *dated* 28*th March* 1925.

To—*The Presidents of all Local Bodies.*

SIR,

An instance of the Government grant to a local body for Public Improvements having been drawn from the Treasury on the authority of the Government Order granting it without the previous permission of this office and without complying with the requirements of this Office Circular No. 37, dated 21st July 1923 having come to notice, I have the honor to state that the grants sanctioned by Government from time to time to local bodies cannot be drawn without special authority from this office. The portion of these grants payable periodically will be regulated in accordance with the circular referred to above which is printed below for information and guidance :—

Circular No. 37—W. A. D. (Mis.), dated 21st July 1923.

To—The Executive Engineers of Divisions.
The Presidents of District Boards.
The Presidents of Municipalities.
The Presidents of other Local Bodies.

Expenditure incurred against the provision in the Budget under "30 Grants for Public Improvements."

Sir,

I have the honor to intimate to you that grants sanctioned by Government for public works are at present placed to the credit of the local bodies concerned in the Treasury Accounts and thus constitute an expenditure to Government under the above head, whether the amount so placed to the credit of the local body is expended during the year or spread over a series of years. This method of transferring the full grant at the beginning has proved defective inasmuch as, the unutilised portion of the Government grant could not be made available for expenditure on other beneficial objects.

2. The following procedure is therefore prescribed for the guidance of local bodies in drawing these grants sanctioned by Government. Expenditure will, in the first instance, be incurred by local bodies out of their own funds and at the end of the month, a bill for the Government share of expenditure incurred in accordance with the order sanctioning the grant will be sent to the Audit Office for preaudit and authorising payment of the amount Expenditure incurred in excess of the Government grant for the year for particular works will not be passed without the special order of Government.

3. In cases in which the works are entrusted to the Public Works Department for execution, the local body will place its portion of the estimated amount with the Executive Engineer concerned by a crossed cheque on the Treasury, in favor of the Executive Engineer. On receipt of intimation that this amount has been received from the local body the Executive Engineer will be authorised to incur expenditure both against the amount paid by the local body and the Government grant. The amount paid by the local body will as usual be kept under 'Public Works Deposits—Contributions.' The expenditure incurred by the Executive Engineer every month will be debited to 'Public Works Deposits—Contributions' and '30 Grants for Public Improvements,' in the proportion prescribed by Government in the order sanctioning the project. For this purpose, the head '30 Grants for Miscellaneous Public Improvements, and the required minor head thereunder' may be opened in the charge side of the abstract of receipts and disbursements from July 1923. The Executive Engineers will under no circumstances incur expenditure in excess of the Government share of the estimate and the grant for he year.

I have the honor to be,
Sir,
Your most obedient servant,
T. SATYARAJ CHETTY,
Comptroller.

A BRIEF REVIEW OF THE FOREIGN RAIL BORNE TRADE OF THE STATE DURING 1923-24.

The total value of the Foreign Rail-borne Trade of the State during the year ending 31st March was estimated at Rs. 26·52 crores, as against Rs. 26·28 crores in 1922-23 and Rs. 27·39 crores in 1921-22. The imports of private merchandise during the year were valued at Rs. 12·48 crores as against Rs. 13·65 crores in 1922-23. The exports of private merchandise rose in value from Rs. 9·58 crores in 1922-23 to Rs. 10·34 crores during the year. The total exports of treasure amounted to Rs. 3·29 crores as compared with Rs. 2·69 crores in 1922-23. The imports of treasure recorded a slight decrease from Rs. 40·20 lakhs in 1922-23 to Rs. 39·87 lakhs during the year under review. Calculated on the basis of the Railway returns the balance of trade which had gone against the State to the extent of Rs. 178 lakhs in 1922-23 turned in favour of the State to the extent of Rs. 75 lakhs in 1923-24.

The year under report witnessed distinct signs of recovery in the foreign trade of the State from the depression of the earlier years. The unsatisfactory condition of the monsoons during the last two years has tended to retard the return of trade to its normal channels. There was good demand from outside for the surplus raw products of the State and the prices were on the whole free from violent fluctuations. The accumulation of stocks of the earlier years and a decrease in the purchasing power of the consumers due to adverse seasonal conditions affected the import trade to a considerable extent.

As compared with the year 1922-23, there was an increase in the imports of grains, pulses and rice and decreases were recorded under cotton goods, chemicals, machinery, coal and coke, provisions and sugar. There was an advance in the exports of hides and skins, silk, coffee, jaggery, cardamom, spices and manufactured articles. The exports of cotton goods, fruits and vegetables, ragi, oilseeds, drugs and tanning materials recorded a slight decrease.

The seasonal conditions of the year were not satisfactory. Though the total rainfall of the year was well above the average, the rains were neither timely nor well distributed. In the Malnad Districts there were very heavy floods causing considerable damage to the standing crops. The total area cropped during the year was 61·44 lakhs of acres as compared with 64·61 lakhs of acres in 1922-23. There was a noticeable shrinkage in the area cultivated under food grains especially under rice, jawar and ragi. There were slight decreases in the areas cultivated under sugar-cane and coffee. The cultivation of ground-nuts and castor seeds and also of cotton and tobacco showed a slight expansion during the year.

Food, Drink and Tobacco.—The total imports of grains, and pulses amounted to 28,11,483 Mds. valued at Rs. 2,25,81,257. As compared with 1922-23 there was an increase in quantity by 4,96,189 Mds. and in value by Rs. 41,95,736. The imports of rice amounted to 15,61,811 Mds. valued at Rs. 1,23,41,721. The exports of ragi declined to 2,66,415 Mds. valued at Rs. 9,84,720. Under jawar and bajra there was an increase in the exports from 116,258 Mds. valued at Rs. 4,54,559 in 1922-23 to 258,623 Mds. valued at Rs. 10,06,918 during the year. Under fruits and vegetables there was a decrease in the quantities exported from 5,13,117 Mds. valued at Rs. 59,32,915 in 1922-23 to 4,84,664 Mds. valued at Rs. 58,15,968. The total production of cured coffee in the State during the year was estimated at 1,36,85,213 pounds of which 31,39,280 lbs. were exported by rail as against 19,95,676 lbs. in 1922-23. The imports of refined sugar rose from 87,352 Mds. valued at Rs. 16,53,834 in 1922-23 to 95,328 Mds. valued at Rs. 18,61,628 in 1923-24. There was a noticeable increase in the total quantity of jaggery exported from the State. The exports went up during the year to 448,069 Mds. valued at Rs. 35,49,111 from 253,303 Mds. valued at Rs. 22,81,954 in 1922-23. More than a third of the total exports was consigned to Madras Port for being shipped abroad. The total net imports of salt by rail fell from 8,71,697 Mds. in 1922-23 to 6,90,013 Mds. of which 588,900 Mds. were received from Bombay. Under spices, chillies and coriander imported recorded a slight increase. The total value of betelnuts exported to Rs. 72,78,000 as against Rs. 52,71,000 in 1922-23. The exports of cardamom rose from 6,638 Mds. valued at Rs. 11,52,411 to 8,214 Mds. valued at Rs. 16,92,790 in 1923-24. The imports of tobacco during the year went up to 1,17,758 Mds. valued at Rs. 44,45,365 and the total value of the exports of cigarettes amounted to Rs. 48,43,640.

Raw Materials and articles mainly unmanufactured.—The imports of coal and coke recorded a slight decline as compared with the previous year chiefly due to a fall in the consumption of coal by the railways and the mining companies. 30·64 lakhs of maunds of coal were imported valued at Rs. 36·39 lakhs as against 37·54 lakhs of maunds valued at Rs. 46·51 lakhs in 1922-23. There was however an improvement in the consumption of the public coal as the total quantity taken during the year rose to 4,16,149 Mds. from 3,66,000 Mds. in the previous year due to increased demand from industrial concerns in the State.

There was an increase in the imports and exports of raw cotton. 1,47,567 Mds. of raw cotton were imported valued at Rs. 84,85,237 as against 1,25,274 Mds. valued at Rs. 59,62,007 in

1922-23. Raw cotton exported rose from 79,227 Mds. valued at Rs. 38,12,548 in the previous year to 1,49,037 Mds. valued at Rs. 85,17,146 in 1923-24. The exports were mainly to the seaports of Bombay and Madras. The price of cotton was subject to great fluctuations throughout the year. During the year under review there was also a noticeable increase in the exports of raw silk and silk waste. 8,98,000 lbs. of raw silk were exported valued at Rs. 1,00,81,605 as against 6,24,900 lbs. valued at Rs. 83,44,600 in 1922-23. The rise in the exports is due to an increase in the output of raw silk consequent on an extension in the area cultivated under mulberry in the previous year. The total output of raw silk is estimated at 11,36,000 lbs. in 1922-23 and 12,07,000 lbs. in 1922-23. Silk waste exported amounted to 7,557 Mds. valued at Rs. 6,04,560 as compared with 5,110 Mds. valued at Rs. 4,08,600 in 1922-23. Regarding the export trade in other fibres hemp recorded a decline from 4,875 Mds. to 3,149 Mds. in 1923-24 and aloe fibre a slight increase from 871 Mds. to 1,625 Mds.

The trade in hides and skins saw a considerable improvement during the year. 65,060 Mds. of tanned hides and leather were exported by rail as against 47,238 Mds. in 1922-23. The total value of the year's exports was estimated at Rs. 58,49,190. The exports of raw skins amounted to 70,305 Mds. valued at Rs.34,71,210 as compared with 53,861 Mds. valued at Rs. 19,28,648 in 1922-23. All through the year there was a steady demand from foreign countries for tanned hides and raw skins.

The imports of kerosine oil during the year amounted to 27,10,803 gallons in tins and 13,58,324 gallons in bulk, the total value being estimated at Rs. 40,78,193. As compared with the year 1922-23 there was an increase in the quantity of kerosine oil imported by 298,076 gallons and in value by Rs. 1,31,246. The chief features in the import trade in vegetable oils were increases under cocoanut and groundnut oils and decreases under gingelly and castor oils. The prices of vegetable oil during the last quarter of the calendar year 1923 were subject to fluctuations in sympathy with the prices of oil seeds.

The export of oil seeds showed a slight improvement during the year. The total weight amounted to 6,18,227 Mds. as against 5,81,624 Mds. in 1922-23. As compared with the previous year there were increases under cotton seeds and the decreases under gingelly and groundnuts. 1,78,312 Mds. of copra valued at Rs. 46,12,314 were exported during the year as against 1,95,646 Mds. valued at Rs. 42,38,492 in 1922-23. The average price of copra per maund of 25 lbs. rose from Rs. 7-12-0 in April 1923 to Rs. 8-8-0 in December of the same year and to Rs. 9 during the first quarter of the year 1924. There was an increase in the exports of oil cakes from 56,754 Mds. in 1922-23 to 91,619 Mds. in 1923-24 partly due to increased activities of the oil mills in the State and partly to a decline in the local demand brought about by adverse seasonal conditions.

The trade in timber continued to remain in a depressed condition throughout the year. 7,221 maunds of sandalwood chiefly from the Coorg and Madras forests were carried by rail. The total quantity of sandalwood oil exported out of the State during the year amounted to 131,427 lbs. valued at Rs. 21,68,543 as against 1,35,511 lbs. valued at Rs. 22,35,931 in 1922-23. 29,345 Mds. of myrabolams were exported during the year as against 22,387 Mds. in 1922-23. The imports of turmeric, cutch and indigo recorded slight increases.

Articles wholly or mainly manufactured :—

The trade in piecegoods was affected to a considerable extent by the presence of large stocks on hand, the reduced purchasing power of the consumers and the stringency in the money market. The total value of Indian piecegoods imported during the year amounted to Rs. 1,06,06,560 and the total value of the exports amounted to Rs. 49,12,920. The hand loom weaving industry in the State has also been passing through a period of depression. The total quantity of yarn available for the use of the handloom weavers in the State amounted to 40,93,315 lbs in 1923-24 as against 44,24,427 lbs in 1922-23. The total output of yarn by the textile mills in the State amounted to 64,83,286 lbs. in 1923-24 as against 50,95,152 lbs. in 1922-23. The exports of woollen goods rose in value from Rs. 17,71,950 in 1922-23 to Rs. 21,50,690 in 1923-24.

The total imports of iron and steel fell from 4,24,530 Mds. valued at Rs. 60,91,169 in 1922-23 to 3,45,049 Mds. valued at Rs. 42,94,939. There was a reduction in the imports of angles, bars and beams and also of sheets and plates. The trade in metals other than iron and steel showed signs of recovery. The imports of machinery and mill work suffered a further drop during the year. There was a slight increase in the imports of materials for railway construction as fish plates and sleepers. The total value of the exports of metallic ores during the year amounted to Rs. 14,27,006. The total weight of manganese ore exported was 13,73,371 Mds. as against 24,92,605 Mds. in 1922-23. The exports of chrome declined from 9,58,255 Mds. to 7,58,196 Mds. in 1923-24.

As compared with the previous year there was some improvement in the trade in the manufactured articles as glassware, earthenware, candles, arms, lampware, soap, paints, etc., but due to fall in prices there was no great variation in the total value even though there were increases in the quantities imported. These articles are imported partly to meet the requirements of the State and partly for the purposes of being re-exported to the adjacent districts in British India.

There was a slight increase in the imports of matches into the State. The net imports of matches during the year amounted to 4,94,475 gross boxes against 4,76,064 gross boxes in 1922-23.

The total value of drugs and medicines imported was estimated at Rs. 37,66,500 as against Rs. 56,80,000 in 1922-23. The exports were valued at Rs. 32,93,131 as against Rs. 26,49,600 in the previous year. There was an increase in the imports of alizarine and aniline colours. The imports rose from 728 Mds. valued at Rs. 1,23,579 in 1922-23 to 1,585 Mds. valued at Rs. 2,06,050. The increase in the quantities imported is chiefly due to a further fall in prices caused by the reductions in prices of supplies received from Germany. The average value per pound of alizarine dyes was Re. 0-13-0 and of aniline dyes was Rs. 1-14-0.

Treasure:—

The total quantity of silver bullion imported last year rose to 4,79,820 ounces (troy) valued at Rs. 10,77,000 from 4,05,222 ounces (troy) valued at Rs. 11,14,361 in 1922-23. The increase in the imports of silver during the past 2 years is chiefly due to a fall in price. The price of silver has steadily gone down from Rs. 94-4-0 per 100 tolas in March 1922 to Rs. 80-14-0 in March 1924. The total quantity of gold exported from the State during the year ending March 1924 was 3,61,631 ounces (troy) valued at Rs. 2,45,39,130. The total output of gold in the State during the calendar year 1923 was 4,22,501 ounces as against 4,29,559 ounces in 1922 valued at £1,754,895 and £1,789,432 respectively. The average market price of gold in 1923-24 stood at Rs. 67-8-0 per fine ounce as against Rs. 68 in the year before.

MD. ZAHIRUDDIN MECCI,
Deputy Commissioner.

KADUR DISTRICT.

Notification dated 22nd April 1925.

Notice is hereby given that the undermentioned lands in the Chikmagalur Taluk, Kadur District, applied for coffee cultivation, will be sold by public auction at 11 A.M., on Tuesday the 2nd June 1925, at Chikmagalur, before the Amildar of the Chikmagalur Taluk, subject to the confirmation of the Deputy Commissioner of this district.

2. The sale shall be by public auction under the usual conditions and the land shall be knocked down to the highest bidder above the upset price, namely, Rs. 10 per acre. The deposit of one-fourth of the upset price made by the applicant shall, if the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money, and it shall be refunded to him if the land is purchased by any other person in the auction. The auction purchaser should also pay the bonus on 39 sandal trees standing on the land, as per rules and execute a mutchalika to the effect that he will preserve them in good condition.

3. The upset price fixed as above shall include survey expenses, and the right of Government to all reserved trees except sandal, which will always be reserved absolutely by Government.

4. The highest bidder should, immediately after the close of the sale, pay a deposit of 25 per cent of the purchase money inclusive of the deposit referred to in para 2 and the remainder before sun set on the fifteenth day from the date of sale as provided for by the rules in force; in default, the land will be resold at the risk of the defaulter, who will have to make good the deficiency, if any, at the second sale, but will have no claim to the excess, if any.

5. The land sold under these rules shall be held free of assessment for the first three years and on half assessment for the next two years, full assessment being payable from and after the sixth year. But before the concession is granted, the purchaser must bind himself in writing to pay the full assessment from the first year in the event of his resigning the land after cutting down the timber on it or otherwise clearing any portion of it, but without having made any *bona fide* attempt to bring under cultivation the arable area included in it.

The following amendment was accepted by the mover and carried :—

"That the University Council be requested to appoint a Committee to investigate into the present condition of the higher education of women in the State and the causes that retard its wider extension and to suggest remedies for the existing defects."

18. *Proposition.*—That a recommendation be made to the Government to amend Section 18 (2) of the University Regulation (page 22 of the University Calendar for 1924-25) as under, so as to make it clear that the Senate is the final University authority on the Budget, before it is submitted to the Government :—

CHIEF COURT OF MYSORE, BANGALORE.

P. No. 37-2 *of* 1924-25, *dated* 20*th April* 1925.

BRIEF REVIEW ON THE WORKING OF THE PROCESS ESTABLISHMENT OF THE SEVERAL MUNSIFFS' COURTS IN THE STATE DURING THE QUARTER ENDING THE 31ST DECEMBER 1924.

Part I (General).

There was no change in the number of Nazaraths (21) and of the men employed therein (159 Amins and 456 peons). In the establishment of the Shimoga Munsiff's Court the places of 6 peons were left vacant during the quarter with a view to minimise the loss at which that establishment was working for some quarters; and there were also left vacant the places of 2 peons in the establishment of Sagar Munsiff's Court, of 3 peons in that of Mysore Second Munsiff's Court and of 4 peons in that of Hassan Munsiff's Court.

The average number of processes served by an Amin and a peon fell from 75·3 and 157·2 in the previous quarter to 71·4 and 149·9 respectively in the present quarter (the prescribed minima being 37·5 and 100 respectively). There was also a fall in the number of processes served (63,928 against 67,949) and in that served personally (45,727 against 47,521), the percentage of personal service rose to as high as 71·5 throughout the State, only three courts Chikmagalur, Hassan and Holè-Narsipur failing to reach 65 per cent. Of these three however Chikmagalur only reached 56·2 per cent a failure of which due notice has been taken. It has however to be noticed that the work of this Court is reported to have been hampered by outbreaks of plague in parts of Chikmagalur, Mudgere and Kadur Taluks.

The receipts fell from Rs. 37,329-1-0 to 37,075-7-0, and the charges from Rs. 27,312-7-2 to 26,793-12-1 (owing to the pay of some of the peons in the Shimoga Munsiff's Court, for November and December 1924, amounting to Rs. 388-6-0, having been withheld for future payment for failure to submit their proposal for insurance), resulting in the increase in the net savings from Rs. 10,016-9-10 to Rs. 10,281-10-11, being Rs. 265-1-1 more than in the previous quarter.

The percentage of personal service of each court is shown in the appended statement from which it will be seen that ten courts achieved 70 per cent and over and of these the three best were the Second Munsiff's Court, Tumkur with 89·7 per cent, Munsiff's Court, Kolar Gold Fields with 83·4 per cent and Munsiff's Court, Kolar with 78·6 per cent.

The names of courts are arranged below in order of merit in regard to the percentage of personal service :—

(1)	Second Munsiff's Court, Tumkur	89·7	per cent
(2)	Munsiff's Court, Kolar Gold Fields	83·4	do
(3)	Do Kolar	78·6	do
(4)	Munsiff's Court, Nanjangud	75·5	do
(5)	Second Munsiff's Court, Bangalore	75·2	do
(6)	First Munsiff's Court, Bangalore	75·0	do
(7)	Second Munsiff's Court, Mysore	73·6	do
(8)	First Munsiff's Court, Mysore	73·5	do
(9)	Do Tumkur	73·3	do
(10)	Munsiff's Court, Sagar	70·6	do
(11)	Munsiff's Court, Chikballapur	69·2	do
(12)	Do Dodballapur	68·7	do
(13)	Do Davangere	67·36	do
(14)	Do Shimoga	67·34	do

EDUCATION DEPARTMENT.

OFFICE OF THE INSPECTOR-GENERAL OF EDUCATION IN MYSORE, BANGALORE.

Notification D. No. 90 of 24-25, dated 1st June 1925.

With a view to regulate admissions to the various classes in High Schools, as far as possible according to the standard prescribed in Government Order No. E. 5350-3—Edn. 218-22-15, dated 8th March 1923, the enclosed statement showing the actual strength of pupils in the several classes of Government and Aided High Schools for boys in the State during the year 1924-25 and the maximum capacity of these classes in 1925-26 is published for general information together with the following additional instructions.

2. In the case of U. E. Classes, generally and of High School forms in places where sufficient accommodation is available, provision will be made wherever necessary for the admission of more than 40 pupils in each section and for more than 3 sections of a class. The strength of a section should not, however, exceed 50 ordinarily and the number of sections of any High School forms, should not exceed 4, under any circumstance. The number of sections of the U. E. Classes of Collegiate High Schools in the respective subjects, will be as given in the statement. In the case of those High Schools where the rooms are not large enough, the strength of each section will be between 35 and 40.

3. Parents and Guardians desirous of securing admission to their boys are requested to note that all applications for admission should be accompanied by a leaving certificate without which the applications will not be considered. Leaving certificates applied for by students in June will accordingly be treated as immediate and granted the same day by the Head Masters. The leaving certificates and other papers of candidates not selected for admission in any particular school will be returned to them immediately, so that they may apply for admission elsewhere. As far as possible, moffussil students qualifying for admission to the High School Classes should be made to join the school or schools in their own Districts.

4. To avoid delays and difficulties arising in the admission of pupils, it is desirable that the Heads of all High Schools in Bangalore and Mysore Cities, where there are more than one High School should meet together soon after the receipt of applications for admission at the beginning of the academical year and after due consideration of the accommodation and other facilities available in their respective schools, fix the number of pupils that each school can conveniently take in during the year and regulate admissions accordingly. The Head Masters of the Government Collegiate High School at these places will act as the conveners of these meetings. It is expected that no student that seeks admission will, other things being equal, be denied admission to one or other of the High Schools and that all students will as far as possible be admitted to schools near their places of abode.

2. If after such re-allotment of the scholarships of one grade, any remain unutilised, they shall be granted to pupils of the same community or group in other grades in any district, each lower grade being taken after the requirements of the one immediately higher are satisfied.

3. Those scholarships, which still remain unutilised even after transfer to other districts, may be given to other communities or groups of communities in the order of their illiteracy or may lapse to Government.

VI. Sir,

Under Government Order No. P. 147-48—Regis. 24-22-4, dated 10th July 1923, the District Registrars draw the remuneration due to the copyists employed in the Sub-Registry Offices and remit the amounts by means of Remittance Transfer Receipts. As this arrangement involves unnecessary issue of Remittance Transfer Receipts, the District Registrars will in future be asked to countersign the bills received from the Sub-Registrars on account of remuneration due to copyists and return the same to the latter for being cashed at the respective Taluk Treasuries. I therefore request that you will be so good as to issue necessary instructions to the Taluk Treasuries for cashing such bills presented by the Sub-Registrars on the countersignature of the District Registrar.

CHIEF COURT OF MYSORE, BANGALORE.

P. No. 37-3—24-25, dated 20th May 1925.

BRIEF REVIEW ON THE WORKING OF THE PROCESS ESTABLISHMENT OF THE SEVERAL MUNSIFFS' COURTS IN THE STATE DURING THE QUARTER ENDING THE 31ST MARCH 1925.

Part I (General).

There was no change in the number of Nazaraths (21) and of the men employed therein (159 amins and 456 peons). In the establishment of the Shimoga Munsiff's Court, the places of six peons were left vacant during the quarter with a view to minimise the loss at which that establishment was working for some quarters, and there were also left vacant the places of two peons in the establishment of Bangalore Second Munsiff's Court, and that of one peon in the establishment of Sagar Munsiff's Court.

2. The receipts were almost the same as in the previous quarter, *viz.*, Rs. 37,076-12-0 against Rs. 37,075-7-0, while the charges rose from Rs. 26,793-12-1 to Rs. 27,079-9-0 (owing to the pay of some of the peons in the Shimoga Munsiff's Court for November and December 1924, amounting to Rs. 388-6-0, held over for future payment for failure to submit their proposal for insurance, having been drawn and disbursed to them), resulting in a net saving of Rs. 9,997-3-0 in the working of the establishment.

3. The average number of processes served by an amin and a peon rose from 71·4 and 149·9 in the previous quarter to 78·8 and 160·8, respectively, in the present quarter (the prescribed minima being 37·5 and 100 respectively). There was also an increase in the number of processes served (from 67,949 to 68,765) and in that served personally (from 47,521 to 48,441). The percentage of personal service was 70·4 against 71·5 in the previous quarter and only four courts, Hassan, Seringapatam, Chitaldrug and Chikmagalur failed to reach 65 per cent. Of these four, Chikmagalur reached only 58·2 per cent and the failure is reported to be due to illness among servers.

4. The percentage of personal service of each court is shown in the appended statement from which it will be seen that eleven courts (against 10 in the preceding quarter) achieved 70 per cent and over and of these, the three best were the Second Munsiff's Court, Tumkur, with 86·6 per cent, the Munsiff's Court, Kolar Gold Fields, with 85·09 per cent and the Munsiff's Court, Sagar, with 77·3 per cent.

5. The names of courts are arranged below in order of merit in regard to the percentage of personal service :—

2.	Munsiff's Court, Kolar Gold Fields	85·09

Circular No. 73—C. S. dated 17th June 1925.

The Government having in their order No. I. C. 6492-6563—C. S. 34-23-11, dated 30th March 1925, accepted the recommendations of the Mysore Co-operative Committee that no person should be a member of more than one society of the same kind and that the membership of societies should not be such as to become unwieldy, the following instructions are issued to the Managing Bodies of the Co-operative Societies in the Bangalore and Mysore Cities and other District and Taluk Headquarters, so that, in course of time, thay may be able to give effect to the recommendations of th / Committee fully.

Whenever any person wishes to join a society, he should be asked to state whether he is already a member of any other Co-operative Society in the locality and if he is, whether he is indebted to the society and has discharged all his obligations there. In case it is found out from enquiries that he is a member of another society and has not fully discharged his obligations there, he should not be admitted to membership. In the case of societies of the same kind, no member of one society, whether he has discharged his obligations or not,

should be taken as a member of another society. It is for the member to choose the society which is most advantageous to himself, and, as far as possible, it should be the society of the locality in which he is actually residing. Societies which combine stores work with Banking should be treated as a society belonging to both the classes of pure stores and pure credit Institutions. The above limitation does not apply to the case of the Mysore Provincial Co-operative Bank and Institutions of the like sort.

With regard to the question of fixing a limit to the membership of societies, the Committee think that efficient supervision and management are not possible if the membership exceeds 300 in the case of Urban Societies and 60 in the case of Rural Societies. For a purely credit society this limit is very necessary. But for a purely stores society, the managing bodies themselves are the best judges of the extent to which they could arrange to supply stores to members and it is for them to fix a suitable limit.

Generall'y no Urban Credit Society, which can be truly co-operative in character, should have a membership exceeding 300 to 400 members, as otherwise the check and scrutiny that is necessary to safeguard the interests of the institution on the one hand and to really afford help to the members on the other and to watch whether they are really improving their condition with the help of the society cannot be exercised properly. Mere granting of loans at a cheap rate of interest without taking proper care to see that they are properly utilized will often tend to make the members unthrifty. From the number of suits that are being received in the Registrar's Court for disposal, it can be said that the facility of borrowing created by membership in more than one society of the same kind has by no means been a blessing to the people.

During the course of inspections, it has come to the notice of the Registrar that in many societies even when a member leaves the area of operations of the society, and is not a permanent resident thereof, he is kept on as a member and is allowed all the privileges that are given to members that are actually residing in the jurisdiction of the society and are watching its business.

A member who does not reside within the area of operations of the society will not be able to know whether the society is properly managed or not and the liability it incurs from time to time. Similarly, it will not be possible for the society to know such a member's credit worthiness and what all obligations he has contracted after leaving its jurisdiction. It is, therefore, necessary that, when members leave the jurisdiction of the society permanently, they should be removed from membership and steps taken to close their accounts. The Managing Bodies of Societies are requested to see that this suggestion is carried out immediately, as otherwise they will be put to unnecessary trouble, and inconvenience and risk by having account dealings with such people.

The existing members of each society in the Bangalore and Mysore Cities should be requested to inform the Managing Bodies of Societies, the names of other societies in which they are also members and the extent of their obligations to each of them. In the case of members who are also members of other societies a greater supervision should be exercised over their transactions in each society. When it is found that the privileges of such membership are not utilized properly, option should be given to them to confine their dealings to any one particular society and to severe their connection with the rest. If, in spite of this advice, the members persist in continuing their membership in more than one society, the credit to be allowed to such members should be strictly curtailed.

If the above suggestions are closely followed by all the societies and their bye-laws accordingly amended, the situation commented upon by the Mysore Co-operative Committee is not likely to arise in the future. The Managing Bodies of Societies are, therefore, requested to put into actual practice the above suggestions. Early steps will be taken to have the Co-operative Societies Regulation and the rules amended, precluding one person from being a member of more than one society of the same kind.

Registrar.

OFFICE OF THE SECRETARY TO THE INSURANCE COMMITTEE.

Circular No. 46, *dated* 15*th August* 1923.

To—The Heads of Offices and the Officers in charge of Treasuries.

Notwithstanding the instructions contained in this office circular No. 31, dated the 10th August 1899, the undersigned regrets to observe that premia on account of State Life Insurance (Official Branch) are not regularly recovered and the premium realisation statements continue to be incompletely prepared, entailing protracted correspondence.

1. Insurance premia should, as a general rule, be recovered in advance monthly from the pay or the leave allowances of the insured.

2. In the preparation of the premium realization statement in Form No. 10, the names and the correct fist policy numbers of all the insured together with the amount of premium realised shall be entered. Should the premium realised fall short of ten per cent of the salary of the insured or be less than the usual monthly amount paid by the insured or not

recovered at all, remarks as to the cause of such irregular recovery or non-recovery should invariably be entered in detail. If new names are entered for the first time in the statement owing to fresh appointments made or to transfers from other places, a note to that effect should be made and in the case of transfers the name of the office and the place from which the insured was transferred should be clearly noted. Similarly if in any month a name which has appeared in the premium realization statement in the previous month is omitted in the statement, the reason for the omission should be briefly indicated.

3. A premium realization statement prepared as above should accompany each establishment pay bill.

4. When salary or establishment pay bills are received in the Treasury for encashment, the Treasury should see that a premium realization statement accompanies it. Whenever any such bill is not accompanied by a realization statement, the Treasury should refuse payment of the same and return it for supplying all the omissions.

5. In the Departments where salary and pay are drawn on cheques, the disbursing officers shall remit to the Treasury, the amount realised on account of Insurance premia by a cheque or in cash, accompanied by a premium realization statement prepared as laid down in para 2 of this circular.

6. The Treasuries and heads of offices are requested to enforce strictly the foregoing instructions.

T. SATYARAJ CHETTY,
Secretary to the Insurance Committee.

OFFICE OF THE SECRETARY TO THE INSURANCE COMMITTEE.

Circular No. 46, *dated* 15*th August* 1923.

To—The Heads of Offices and the Officers in charge of Treasuries.

Notwithstanding the instructions contained in this office circular No. 31, dated the 10th August 1899, the undersigned regrets to observe that premia on account of State Life Insurance (Official Branch) are not regularly recovered and the premium realisation statements continue to be incompletely prepared, entailing protracted correspondence.

1. Insurance premia should, as a general rule, be recovered in advance monthly from the pay or the leave allowances of the insured.

2. In the preparation of the premium realization statement in Form No. 10, the names and the correct first policy numbers of all the insured together with the amount of premium realised shall be entered. Should the premium realised fall short of ten per cent of the salary of the insured or be less than the usual monthly amount paid by the insured or not recovered at all, remarks as to the cause of such irregular recovery or non-recovery should invariably be entered in detail. If new names are entered for the first time in the statement owing to fresh appointments made or to transfers from other places, a note to that effect should be made and in the case of transfers the name of the office and the place from which the insured was transferred should be clearly noted. Similarly if in any month a name which has appeared in the premium realization statement in the previous month is omitted in the statement, the reason for the omission should be briefly indicated.

3. A premium realization statement prepared as above should accompany each establishment pay bill.

4 When salary or establishment pay bills are received in the Treasury for encashment, the Treasury should see that a premium realization statement accompanies it. Whenever any such bill is not accompanied by a realization statement, the Treasury should refuse payment of the same and return it for supplying all the omissions.

5. In the Departments where salary and pay are drawn on cheques, the disbursing officers shall remit to the Treasury, the amount realised on account of Insurance premia by a cheque or in cash, accompanied by a premium realization statement prepared as laid down in para 2 of this circular.

6. The Treasuries and heads of offices are requested to enforce strictly the foregoing instructions.

Secretary to the Insurance Committee.

DIRECTOR OF INDUSTRIES AND COMMERCE IN MYSORE.

Official Memorandum No. 265, *dated* 27*th June* 1925.

A sum of Rs. 75,000 has been provided by Government for the grant of Taccavi Loans for Industries for the year 1925-1926.

Applications for such loans may be made to the Director of Industries or submitted through the Deputy Commissioner of the District.

As far as possible, no loans will be granted for starting any industry provided there are already similar concerns in the locality and the amount of business available does not justify the starting of a new concern.

In the case of such applications, an opportunity will be given to persons engaged in similar industries to forward their objections before the application is finally dealt with.

Preference will be given to applications for loans for establishing *entirely new industries* in the State or industries not already existing in any particular locality.

Of the total amount provided for loans, a sum of Rs, 10,000 will be set apart for the grant of financial assistance to small industries.
